Dashiell Hammett was an American author whose name became synonymous with hard boiled detective fiction. His best known creations were Sam Spade, the star of The Maltese Falcon, and Nick and Nora Charles, from The Thin Man. Hammett was born in 1894 in St. Mary's County, Maryland, and his family moved to Baltimore when he was five. He dropped out of high school after his freshman year and held a series of odd jobs: messenger boy, newsboy, clerk, and stevedore. Before joining the Pinkerton Detective Agency in 1915, he worked for the Baltimore Police Department and as an ambulance corpsman during World War I.

Hammett's literary style known as the hardboiled detective novels he was born on 27th May 1894 in St. Mary's County, Maryland. He grew up in Philadelphia and Baltimore with his parents, Richard Thomas Hammett and Anne Bond. Dashiell. He left school at the age of thirteen and worked for the Pinkerton Detective Agency in Baltimore, Maryland, from June 1918 to 1921. Three years in World War IIhammett worked for Pinkerton's National Detective Agency in Baltimore, where he was assigned to Maryland's Only Crime Investigation Unit.

Hammett's most popular book is The Maltese Falcon, published in 1930. The novel's success established Hammett as a major figure in American literature. He is also known for his detective story master's most enchanting creations, the Thin Man series. His other notable works include The Glass Key and The Dain Curse.

Hammett's literary career was marked by a string of critical and commercial successes. He won the Edgar Award for Best Novel for The Maltese Falcon in 1931. His work was influential in the development of the hardboiled detective novel and had a profound impact on American literature. Hammett passed away on January 10, 1961, in New York City. His legacy continues to inspire and influence writers to this day.
February 27, 1894 was the birthplace of Samuel Dashiell Hammett, an American author widely recognized as one of the finest mystery writers of all time and considered to be a foundational figure in the development of the peculiarly American contribution to crime fiction, the hard boiled detective story. Hammett was born in Saint Mary's County, Maryland, to Richard and Mary Bond Hammett, a former schoolteacher. Hammett's parents both had Irish and German ancestry. After leaving school at age thirteen, Hammett worked various low-paying jobs including a stint as a detective for the Pinkerton Detective Agency in Baltimore, where he later joined the Pinkerton Detective Agency itself. In 1915, after serving in World War I, Hammett was assigned to investigate organized crime in New York City, which provided him with insight into the criminal underworld that he would later incorporate into his writing. His first novel, *Red Harvest*, published in 1929, was a groundbreaking work that established the hard-boiled detective genre and introduced the characters Sam Spade and Nick Charles. Hammett's other notable works include *The Maltese Falcon*, *The Glass Key*, *The Thin Man*, and *The Dain Curse*. His writing was characterized by its gritty realism, tough characters, and complex moral dilemmas. Hammett's work was banned by the Catholic Legion of Decency and by several Protestant groups due to itsThemes of alcoholism, violence, and sexuality. Hammett's writing was also noted for its introspective and psychological depth, which contributed to the lasting popularity and influence of his work. His later years were marked by financial difficulties and personal struggles, including a legal dispute with his publisher and his association with the Communist Party. Despite these challenges, Hammett continued to write, and his work remains highly regarded today. Hammett's legacy is celebrated in the Baltimore Literary Heritage Project, among other places, as a testament to his impact on the American crime fiction genre.
