Sometimes a moment defines you. Defines how people see you for the rest of your life. What an emotional journey.

If I lie by Corrine Jackson has been on my mind. To lie waste to lie fallow to lie open to lie hidden to lie grieving to lie under one's displeasure to lie at the mercy of the waves. This common mistake can really either make you sound totally uneducated or way sophisticated. It is the infamous lay vs lie. I never understood the difference until I took a precision language course in college and now I cringe every time someone uses these incorrectly. What I've learned is that a lie is an act of self-abdication because one surrenders one's reality to the person to whom one lies.

Lyrics to 'Chasing Cars' by Snow Patrol:

I need your grace to remind me to find my own you lie with me and just...

A lie is a statement used intentionally for the purpose of deception. The practice of communicating lies is called lying, and a person who communicates a lie may be termed a liar. This common mistake can really either make you sound totally uneducated or way sophisticated. It is the infamous lay vs lie. I never understood the difference until I took a precision language course in college, and now I cringe every time someone uses these incorrectly.
